Ghatkopar Air Crash Case

SABOTAGE?

Kalina FSL probing whether the crash was sabotage or planned explosion

By Zuber Ansari

After the various allegations made by family members of five people who lost their lives in the 12-seater plane King Air C90 crash in Ghatkopar two weeks ago, the Kalina Science Forensic Laboratory (FSL) has

continued its investigation and is probing whether the crash was sabotage or a planned explosion.

During the two-week long investigation into the case, the Kalina FSL is concentrating only on the fuel samples which was

Continued on pg 6 >>

After the incident, FSL reached the spot to collect samples but fire department had used more water to douse the flames in which most of the evidence was washed away.

Govt to name and shame children who forsake their parents

By Prashant Hamine

Cracking the whip on errant children who refuse to take care of their aged parents, the Social Justice and Special Assistance department has directed the Home department to prepare a list of such defaulting children and give wide publicity to these errant children.

Speaking to newsmen at Nagpur yesterday after announcing the implementation of the state governments Senior Citizens Policy 2013, Minister for Social
